ABOUT FUTURESCIENCE

A launchpad for science careers, built for the top 1%.

futureScience Private Tutorials is an endeavour of futureScience Eduventures LLP, with branches in Kandivali West and Malad West, Mumbai. We teach science the way scientists think: concepts taken to the core, doubts cleared the same day, and a researched system that keeps every student moving towards a career in science and technology.

99.98
%ile topper, MHT-CET

630
/720 in NEET-UG

#2
Rank, Mumbai University

Inspiring Innovation
We nurture curiosity and creative problem-solving so students think like scientists, not just exam-takers.

Vision for the Future
Every lesson is aimed at a successful career in science & technology. The exam is a milestone, not the destination.

Transforming Education
Researched methodology, disciplined systems and genuine mentorship that make learning stress-free and enjoyable.

Why parents choose futureScience

- Board + competitive-exam preparation in one integrated flow
- Tutors available for doubts, like a "knowledge ATM"
- Weekly tests with analysis of strengths & weaknesses
- Online classes as good as the best offline classroom

THEN

A legacy of doctors & engineers

Students from the earliest batches went on to MBBS at KEM and Government Medical College, Kolhapur, and to IIT, BITS Pilani, VJTI and ICT.

NEET-UG

630 / 720

Shrey Soni scored 630/720 (99.36 percentile) in NEET-UG, with 99.46 percentile in Physics.

MHT-CET

99.98 percentile

Lyra Uchil: Rank 2 Mumbai University, with perfect 100 percentiles in Physics and Biology. 100% of students qualified for professional courses.

MHT-CET

From HSC to MBBS

Akshay Parag Raut prepared for CET with futureScience and secured General-category MBBS admission at Government Medical College, Kolhapur.

MHT-CET

99.97 percentile

Tvisha Vedant: Rank 2 Mumbai University and Rank 4 Maharashtra (Female/General) in MHT-CET.

NOW

Admissions 2027–29

Two branches in Kandivali West and Malad West, and the next generation of futureScience toppers.

THE VISIONARIES · DIRECTORS

Two names behind generations of science careers.

Across XI & XII Science, Nilesh Vedant and Prasanna Raut are known for more than results. They have shaped how students think, study and believe in themselves, and their students now study and work at IIT, BITS, KEM, ICT, VJTI and universities around the world.

DIRECTOR · THE ARCHITECT OF CONCEPTS

Nilesh Vedant

A name generations of Mumbai science students say with gratitude. Nilesh Vedant built futureScience on one conviction: a student who truly understands will always outperform one who only memorises.

> *"I never thought that anybody could actually get into the crux of the topic and fit it in your head so well that you end up understanding it totally. Yes, that's him."*
>
> Rajal Lalit Jani · MBBS, Government Medical College, Kolhapur

DIRECTOR · THE GUIDE STUDENTS NEVER OUTGROW

Prasanna Raut

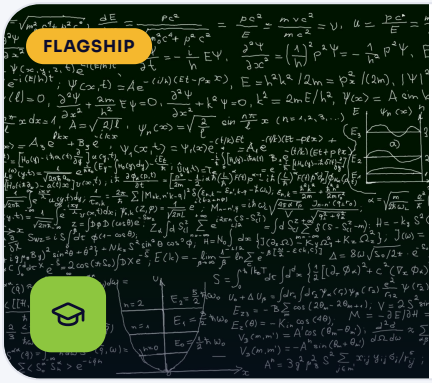

Part teacher, part strategist, part friend. Prasanna Raut turns the toughest ideas into simple ones, plans each student's path to the exam, and is there for every doubt, at any hour.

> *"Raut sir's teaching made the toughest of the concepts appear simple and enjoyable to learn. He's been a very passionate teacher, kind at heart, ever ready to solve any doubts any time of the day."*
>
> Noopur Ketan Mehta · B.Tech, Institute of Chemical Technology (ICT), Mumbai

PROGRAMMES · 2027–29

Courses crafted for every ambition.

Class 11 & 12 Science with engineering, medical and pharmacy entrance coaching. Every course combines coaching, tests and mentoring.

Std. XI + XII Science

Integrated with JEE / NEET-UG / MHT-CET / CUET

A regular + vacation combined course that covers the Class 11 & 12 board syllabus and competitive-exam preparation side by side, with coaching, tests and mentoring under one roof.

Students entering Std. XI (SSC / ICSE / CBSE / Other) · 2-year programme · 2027–29

- Integrated & non-integrated batches
- Board + entrance syllabus in one flow
- Regular tests with detailed analysis
- Personal academic mentoring

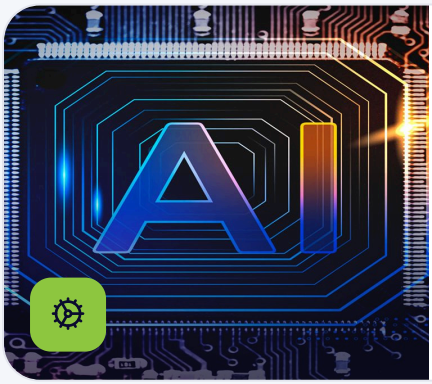

Bridge Course

Std. X → Std. XI Science

A head start before Std. XI begins: the jump from Class 10 to Class 11 Science is steep, and this course builds the concepts and study habits it assumes.

Students going to Std. XI · Starts 13 April 2027

- Class 11 readiness in PCM / PCB
- Concept gaps from Std. X closed
- Study habits & time management
- Smooth entry into the main batch

JEE Main & MHT-CET (PCM)

Engineering entrance coaching

Concept-first Physics, Chemistry and Mathematics that builds the problem-solving depth demanded by JEE Main, JEE Advanced and MHT-CET (PCM).

Class 11 & 12 engineering aspirants · Starts 25 May 2027

- Deep conceptual PCM
- Advanced problem-solving drills
- Mock tests in real exam pattern
- Doubt-solving any time

NEET-UG & MHT-CET (PCB)

Medical & pharmacy entrance coaching

Structured Physics, Chemistry and Biology with NCERT mastery and MCQ speed-building for NEET-UG, plus full MHT-CET (PCB) coverage for medical and B.Pharm admissions.

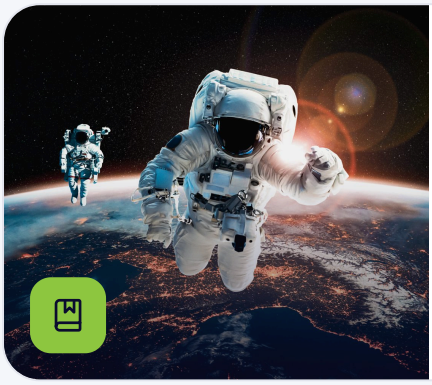

Class 11 & 12 medical and pharmacy aspirants · Starts 25 May 2027

- NCERT-anchored Biology
- MCQ speed & accuracy training
- Full-syllabus mock tests
- Pharmacy (B.Pharm) CET guidance

PROGRAMMES · 2027–29

Specialised tracks & beyond the syllabus.

CUET-UG, a 45-day CET sprint, exam-pattern practice, and STEM enrichment that builds a true scientific mindset.

CUET-UG (Science)

Central university admissions

Preparation for the Physics, Chemistry, Mathematics and Biology domain papers of CUET-UG, aligned with the Class 12 syllabus you are already studying.

Class 12 science students · With Std. XII

- Domain-subject coverage
- NCERT-based MCQ practice
- CUET-pattern mock tests
- Course & university guidance

MHT-CET Crash Course

PCM / PCB · after HSC

An intensive 45-day sprint with tests and precise study material for class-work and home-work, built to convert preparation into percentile.

Students who have appeared for HSC · 45 days

- 45 days of focused coaching
- Chapter-wise and full-length tests
- Precise class-work & home-work material
- Exam strategy sessions

futureScience Test Series

JEE · NEET · CET pattern

Exam-pattern tests with careful analysis of strengths and weaknesses, so every attempt sharpens your strategy.

All science students · Through the year

- Real exam pattern
- Detailed performance analysis
- Topic-wise & full-length tests
- Strategy feedback

STEMQUEST

Science beyond the syllabus

Our initiative to build a genuine scientific mindset: exploration, reasoning and innovation that goes beyond exams.

Curious young minds · Programme

- Scientific thinking
- Exploration & inquiry
- Innovation challenges
- STEM careers awareness

THE FS METHOD

Five steps from curiosity to success.

01 **EXPLORE & LEARN**
Our methodical approach makes the basics stronger, with no stone left unturned, which makes learning a stress-free and enjoyable process.

02 **MANAGE**
Managing self-study is one of the most important factors that makes the difference towards the end. With our researched methodology we provide the support you need.

03 **STRATEGISE**
Performance in competitive exams depends on well-planned, well-executed strategy. With careful analysis of strengths and weaknesses, we guide you to the best plan to crack them.

04 **GROW WITH CONFIDENCE**
With properly managed studies and a personalised strategy, we stand by you till you achieve your targets, so you always have the confidence to face academic challenges.

05 **SUCCEED**
Success is what we work together for. Your sincere efforts and our round-the-clock support and monitoring set every student on a successful career in science & technology.

The fS Advantage

No doubt left unsolved
Tutors ready to answer any query at any time: a "knowledge ATM" for every student.

Concepts to the core
Teaching goes deep into the why, so you can face any level of MCQ with confidence.

Disciplined system
A structured rhythm of class-work, home-work and tests that keeps preparation on track.

Small, focused batches
Personal attention and mentoring that feels like a friendly discussion with professionals.

Tests with analysis
Every test is followed by analysis of strengths and weaknesses to refine strategy.

Online & offline
Our online classroom was the closest thing to the best offline classroom, so learning never stops.

WE PREPARE YOU FOR

JEE Main · JEE Advanced · NEET-UG · MHT-CET · CUET-UG · HSC Board · Std. XI Science · Std. XII Science · Engineering Entrance · Medical Entrance · Pharmacy Entrance · PCM · PCB

STUDENT VOICES

"Selecting fS as my mentor was the best decision."

The online experience was closest to that of the best offline classroom. There was no doubt left unsolved and the teaching was done to the core. It was like a knowledge ATM with tutors ready to answer any query at any time. fS has given me the best possible system to work on my subjects as well as exam preparations. Selecting fS as my mentor was the best that academics could offer.

Tvisha Vedant
99.97 %ile MHT-CET 2022 · B.Tech Computer Science

He made sure that I got my fundamentals extremely clear, on which I could then build upon later. I used to disturb him with doubts at unusual hours but he never once failed to answer even a petty question, and neither did he flinch on seeing tough ones. Placing your trust in Nilesh sir and his tutorials will definitely be fruitful for a budding student to fulfil his or her dreams.

BITS Pilani alumnus
B.E. (Hons.) EEE, BITS Pilani · PhD candidate, University of Minnesota

Raut sir's lectures were very well planned and very easy to understand. To keep the students interested he'd explain the concept with interesting real-life applications... I still remember we had tried to observe diffraction using a laser pointer pen. As soon as Nilesh sir entered the class, there would be pin-drop silence. I was weak in Chemistry, but his homework actually worked.

Shreyas Patil
B.Tech CSE · IIT Patna

For me, rather than the teaching it was more of coaching and guidance, and that is the key reason I am standing here now. It not only helped me crack the entrance exams but also built my basics strong and made me applicative rather than bookish.

Manish Talekar
MBBS · Seth G.S. Medical College & KEM Hospital

Raut sir is one of those few teachers with whom we can talk very freely and ask our doubts anytime. Nilesh sir goes to the root of every concept so that we can answer any question based on it, no matter how tricky it is. I guarantee these two teachers will leave no stone unturned to get the best out of you.

Ruturaj Gujar
B.E. Computer Engineering · D.J. Sanghvi CoE, Mumbai

STUDENT VOICES

Doctors, engineers & researchers look back.

I still remember vividly the very first class Nilesh sir took for us. I never thought that anybody could actually get into the crux of the topic and fit it in your head so well that you end up understanding it totally. I am fortunate to have studied under him.

Rajal Lalit Jani
MBBS · Government Medical College, Kolhapur

Being a PCB student, physics and maths were never my forte, but Raut sir made them interesting to learn with all the experiments related to the subject. Due to the friendly teacher–student relation it was never difficult to clarify doubts.

Duhita Pawar
B.Pharm · Dr. Bhanuben Nanavati College of Pharmacy

His guidance opened many of my blind spots. He cleared many concepts and taught me quick methods of solving questions within a time limit. I did well in CET and got admission in the General category for MBBS at Government Medical College, Kolhapur.

Akshay Parag Raut
MBBS · Government Medical College, Kolhapur

Junior college is the time you take up the subjects in which you want to excel, and teachers like Raut sir and Nilesh sir have helped me do just that. I'm glad I had such well-versed teachers in my important years, who guided me, motivated me to do better and gave me the gift of knowledge.

Rashmita K. Shettigar
Bachelor of Physiotherapy · Manipal

Raut sir's teaching made the toughest of the concepts appear simple and enjoyable to learn. He's been a very passionate teacher, kind at heart, ever ready to solve any doubts any time of the day.

Noopur Ketan Mehta
B.Tech Food Engineering · ICT, Mumbai
